Spring, 1991

Passing comments from . . .
the President

Sitting here at my PC trying to prepare this article for the Spring Newsletter, I find myself reflecting back on that eventful day of June 29, 1972. At the invitation of Charles Alexander, all of the Alabama Members of International ITE had been invited to the Sahara Restaurant in Montgomery to initiate action to formally organize the Alabama Division of the Southern Section Institute of Transportation Engineers.

While a majority of the States within the Southern Section had formed Divisions in the early 60's, Alabama had been unable to qualify for Division status due to the limited number of active Members of International ITE residing in the State.

Through some “creative counting” by Charles Alexander, a sufficient number of “votes” were assembled for the 1972 organizational meeting in Montgomery, and Bylaws were adopted and officers elected. Charter Members of the Alabama Division were:

- Charles E. Alexander
- Lewis P. Bradford
- Jack W. Chamblis
- David T. Dabney
- John A. Garrett
- David B. Martin
- Ben F. Robinson
- Darrell B. Skipper
- Richard A. Wall, Jr.
- Robert L. Wolfe, Sr.
- James L. Zimmerman, Jr.

On July 11, 1972 the Southern Section Executive Board approved the Alabama Division’s Bylaws and the official Charter was issued on January 1, 1973.

Having been present at that historic organizational meeting as an interested observer and representative of the Southern Section Executive Board, it is difficult to accept that this June it will have been 19 years. Perhaps there is some truth to the old adage . . . “Time flies when you are having fun!”

The foresight of Charles Alexander, along with that of the Founding Members, in seeking to elevate and enhance the visibility of professional transportation activities within the State has had a positive impact on Alabama transportation and the safety of the traveling public.

Over the years your organization has been recognized by both the Southern Section and District 5 for outstanding achievements and innovative efforts. ALSITE’s programs and procedures have the admiration of our Sister States, many of whom have emulated Alabama’s efforts.

(Please see President, page 5)

The 3rd Southern District ITE Annual Meeting is scheduled for Mobile on April 7-10, 1991 at the Riverview Plaza Hotel. Contact Bill Metzger, (205) 434-7404, for details. The preliminary agenda is as follows:

**Sunday, April 7**

12:00 pm - 5:00 pm  Registration
3:00 pm - 5:00 pm  Executive Board Meeting
6:30 pm - 7:30 pm  Welcome Reception
7:30 pm - Midnight  ABD Hospitality Rooms

**Monday, April 8**

7:30 am - 8:30 am  Officers' Breakfast
8:00 am - 5:00 pm  Registration
8:45 am - 9:00 am  Welcoming Ceremonies
Mayor of Mobile Mike Dow
9:00 am - 10:15 am  **Technical Session I**

SHARE THE IDEA - Group Discussion
• Stopping Sight Distance
• Narrow Lane Strategies
• Transportation Demand Management
• Traffic Engineering Registration

10:15 am - 12:00 pm  ABD Equipment & Materials Display
12:00 pm - 2:00 pm  Keynote Luncheon
Perry Hand, State of Alabama, Hwy. Dir.
2:00 pm - 3:00 pm  ABD Equipment & Materials Display
3:00 pm - 5:00 pm  **Technical Session II**

• Future of Federal Aid Funding
• Tort Liability
• Career Guidance Video: "Challenges in Transportation"

6:30 pm - 11:00 pm  ABD "Mardi Gras" Party

**Tuesday, April 9**

7:30 am - 9:00 am  Section Breakfast
9:00 am - 5:00 pm  Registration
9:00 am - 12:00 pm  Southern District Business Meeting
9:00 am - 12:00 pm  ABD Business Meeting
12:00 pm - 1:30 pm  Open Lunch
1:30 pm - 3:15 pm  **Technical Session III**

• Median Treatments in Suburbs
• Crowd Control During Major Events
• Signal Timing Strategies for Over-Saturated Conditions

3:15 pm - 3:30 pm  Break
3:30 pm - 5:00 pm  **Technical Session IV**

GRAPHIC INFORMATION SYSTEMS
• GIS State of the Art
• GIS Applications

7:00 pm - 8:00 pm  Officers' Reception
8:00 pm - 11:00 pm  Annual Banquet

**Wednesday, April 10**

7:30 am - 9:00 am  LAC Breakfast
8:30 am - 11:30 am  Field Trip Aboard "The Commander"
Tour Cochrane Bridge & Mobile Channel

---

The Alabama Section ITE Spring Meeting will be on the Auburn University Campus on March 7, 1991. The meeting will be held in Room 202 of the Foy Student Union. The agenda is as follows:

8:15 am - 9:00 am  Registration
9:00 am - 9:10 am  Alabama Section Welcome
James A. Meads, Vice President
Auburn University Welcome
Dr. G.E. (Ed) Ramey, Head
Department of Civil Engineering

**TECHNICAL SESSION I**

Presiding: Aubrey H. White, III, President
AU ITE Student Chapter

9:10 am - 9:40 am  "Traffic Impact Analyses: Fact or Fiction?" Dr. John R. Stone, North Carolina State University, Raleigh, NC

9:40 am - 10:10 am  "The Planning of Bicycle Touring Routes" Dr. William H. Bailey, Department of Geography, AU

10:10 am - 10:30 am  "Distinctive Advance Warning Devices" David W. Haynes, Department of Civil Engineering, AU

10:30 am - 10:50 am  Break

**TECHNICAL SESSION II**

Presiding: Bob Schaffeld, Vice President
AU ITE Student Chapter

Charlotte, NC

12:00 am  Lunch

12:45 pm  Section Business Meeting

1:30 pm  Field trip to Opelika Test Detector Facility. George E. Palm, 3-M Company and W. Blake Temple, Temple & Son Electric Co., Inc.
(Hosted by Walter Dorsey, City Engineer Opelika, AL)
Fall Meeting Minutes . . . October 18, 1990

The Fall 1990 Meeting of the Alabama Section Institute of Transportation Engineers was held on October 18, 1990 at the Sheraton Capstone Hotel in Tuscaloosa, Alabama. The Meeting consisted of a morning technical session, a luncheon and a Section Business Meeting.

PROGRAM AND MEETING ARRANGEMENTS:

Harold M. Raynor, Jr.,
Joseph A. Robinson
David R. Griffin, Ill

AGENDA:

Registration
Welcome Joseph A. Robinson
Technical Session
Why In The World Don't We Have a Seat Belt Law in Alabama? John Draper
Commercial Drivers License Requirements Ann Latham
Break
The Effect of the Clean Air Act on Transportation in Alabama Richard Grusnick
Transportation and the Business of Sell - Sell - Sell Dara Longreur
Luncheon
Business Meeting
Field Trip
Oliver Lock and Dam or Bryant Museum

ATTENDANCE:

26 Members 44 Affiliates 12 Guests 4 Speakers

FINANCIAL:

Receipts:
Registration Fees (82 @ $25.00) $2,050.00

Disbursements:
Pre-meeting and meeting mail out postage 120.00
Board Meeting Room, Wednesday 10/17/90 63.20
Luncheon Buffet and Refreshments 1,610.26
Alabama Section Scholarship 410.00

Net Meeting Deficit - 153.48

BUSINESS MEETING:

1) Call to Order:
The Business Meeting was called to order by President Don Arkle at 12:34 pm.

2) Minutes:
President Arkle called for corrections/additions to the minutes of June 21-22, 1989 meeting, as published in the October 1990 newsletter. There being none, David Griffin made a motion, seconded by Dale Lenoir, to accept the official minutes. The motion was adopted unanimously by voice vote.

3) Secretary/Treasurer's Report:
The Secretary/Treasurer's Report was presented by Jim Meads, detailing the expenditures and receipts since the Annual Meeting. It was reported that the receipts since the Annual Meeting were $2,237.00 and expenditures totaled $2,169.85, leaving a current balance of $4,826.94. He also reported membership activity since the Annual Meeting, noting the admission of one (1) Member and eight (8) Affiliates. The resulting current membership was reported to be 69 Members, 176 Affiliates and 1 Retired Member for a total membership of 248. Jim Meads listed the membership applications approved by the Board of Directors since the Annual Meeting.

4) Committee Reports:
District 5 Representative: Bob Vecellio announced that the District 5 Board has approved the University of Louisville as a new student chapter since the District 5 Chattanooga Meeting. He stated that the District 5 Board of Directors would meet in Columbia, South Carolina on December 3, 1990.

T² Program: Bob Vecellio announced the upcoming seminar on stress and time management. He also announced the seminar "New Developments in Concrete Applications" to be held November 6, 7, 13 and 14. Additional seminar topics announced were "Site Impact Traffic Evaluation" and "Rehabilitation of Existing Bridges".

Scholarship Committee: Chairman David Griffin proudly announced that the Section had exceeded the original goal of $20,000.00. The current balance was reported to be $20,151.24. Chairman Griffin noted that the Board of Directors had voted to raise the Annual Scholarship amount to $1,500.00 in 1991. He commented that the $1,500.00 scholarship amount was in keeping with the Section's original goal to provide a full year's tuition scholarship.

District 5 Mobile Meeting: Bill Metzger announced that the District 5 Spring Meeting would be held April 7 - 10, 1991, at the Riverview Plaza Hotel in Mobile. He noted that a field trip is being planned which would consist of a river cruise from the Battleship U.S.S. Alabama to the Cochran River Bridge.

5) Old Business:
President Don Arkle announced that he had received letters from Senators Howell Heflin and Sonny Callahan in response to letters written on behalf of the Alabama Section opposing an increase to the federal motor fuel tax to reduce the budget deficit.

6) New Business:
None

7) Adjourn:
The Fall Meeting was adjourned at 1:00 p.m.

ALSITENews Page 3 Spring 1991
Call for Entries - 1991 ITE Awards Program

Each year, the Institute of Transportation Engineers sponsors an awards program to honor outstanding achievement in transportation engineering and distinguished service to the Institute. The awards bestow international recognition upon the recipients and increase the public's awareness of the role and responsibilities of the transportation engineer. You are invited and encouraged to submit an entry or entries in the competition. Read the following awards descriptions to determine in which category or categories you should consider entering a nomination. If you have any questions about the awards, contact ITE Headquarters. Please note that the deadlines for the awards vary.

Transportation Achievement Award
The Transportation Achievement Award recognizes significant and outstanding transportation achievements by entities concerned with transportation, such as governmental agencies, legislative bodies, consulting firms, industry, and other private-sector organizations. Awards will be presented for outstanding transportation achievements in the categories of operations and facilities. The awards recognize an organization for one or more of the following: (a) development of an innovative concept in transportation planning, design, or operations; (b) the innovative application of a proven concept in transportation planning, design, or operations; (c) the implementation of a "difficult" transportation program through perseverance in its development and promotion; (d) a program or project having significant impact on transportation; (e) a multifaceted transportation program or project, combining many innovative and/or well-applied concepts; or (f) a program or project promoting a major advance in the efficiency and/or economy of transportation.

The award winner will be presented a certificate at the ITE 61st Annual Meeting, to be held September 22-25, 1991, in Milwaukee, Wisconsin. Procedure: Nominations (addressed to "Transportation Achievement Award 1991") should be sent to ITE headquarters so as to arrive no later than March 15, 1991. The nomination should include a description of the achievement (a minimum of 5 doublespaced typewritten pages) and supporting material, including reports, newspaper articles, photographs, etc; total length of nomination, including supporting documentation, is not to exceed 20 pages. The manuscript should be submitted in original form, plus five copies.

Past Presidents' Award for Merit in Transportation
Open to any nonstudent member of ITE who has not reached his or her 35th birthday by April 30, 1991, the Past Presidents' Award is intended to encourage the conduct and reporting of independent and original research and to provide a means for recognizing outstanding accomplishments in transportation engineering. The recipient is selected by a panel of past-presidents of ITE.

Candidates must have conducted or been a principal participant in an original study or project in the field of transportation engineering. The study or project must have been completed within two years of April 30, 1991; may have been financed with public or private funds, by contract or not; may have been previously reported to another group or publicized elsewhere; and may be an expansion or revision of a paper that has been previously submitted to the Institute for this competition.

The award winner will receive an award certificate at the ITE 61st Annual Meeting, to be held September 22-25, 1991, in Milwaukee, Wisconsin, and a $1500 cash award. The winning paper will be published in an ITE publication. Procedure: The manuscript describing the study or project shall be (a) no more than 20 doublespaced typewritten pages; (b) submitted in original form plus six copies; (c) accompanied by an abstract no longer than one doublespaced typewritten page; and (d) accompanied by a statement (attached to all copies) clearly indicating the candidate's relationship to the study or project in terms of design, conduct of the work, analysis of data, and authorship of the report. Entries should be addressed to "The Past Presidents' Award 1991." and sent to ITE Headquarters so as to arrive no later than April 30, 1991.

Student Paper Award
The purpose of the Student Paper Award is to encourage student members of the Institute to conduct and report on independent and original research and investigation of transportation engineering subjects and to provide a means for recognizing outstanding accomplishment in this area.

Any ITE member who was a student member sometime during the period May 1, 1990, and May 1, 1991, and who completed work providing a basis for the paper while a student member of the Institute is eligible for the award competition.

The award consists of a certificate to be presented at the ITE 61st Annual Meeting, to be held September 22-25, 1991, in Milwaukee, Wisconsin. The winning paper will be published in ITE Journal. The winner will also receive a $1000 cash award to help offset travel expenses to that meeting. Procedure: The paper should be no longer than 15 doublespaced typewritten pages and should have only one author. It must cover a transportation engineering subject and be written in English. It must include a table of contents and title page (including paper title, author's name, ITE District number, and mailing address/telephone number as of July 1, 1991). Nominations, submitted in original form and five copies, should be sent to the Student Paper Award Coordinator for the candidate's district by May 1, 1991. To learn the name and address of your district's Student Paper Award Coordinator, contact ITE Headquarters.

Urban Traffic Engineering Achievement Awards
The Urban Traffic Engineering Achievement Awards recognize urban traffic engineers and agencies for their outstanding contributions and/or excellence in urban traffic engineering. To be eligible for the award, a candidate shall be an individual member of an urban traffic engineering organization of a public jurisdiction having at least one official who is an ITE member. Nominations may be submitted from, or on behalf of, an individual or agency who has achieved any of the following as a special project, one-time activity over a one-year or longer time period:

- Development of innovative urban traffic engineering concepts;
- Innovative application of proven concepts to problems unique in urban traffic engineering;
- Implementation of a program or project having significant importance in urban traffic engineering; or
- Development and implementation of a complete and effective program of urban traffic engineering activities and services to the public (i.e., traffic engineering agency with responsibility for all functions considered necessary for an effective program).

The award winner(s) will be presented a certificate at the ITE 61st Annual Meeting, to be held September 22-25, 1991, in Milwaukee, Wisconsin. Procedure: Nominations should include the nominee's name and supporting documentation describing the nominee's outstanding contributions and/or excellence in urban traffic engineering. Nominations, addressed to "Urban Traffic Engineering Achievement Award 1991," should be received no later than May 1, 1991, at ITE Headquarters. Send the original plus three photocopies of the nomination and supporting documentation; the nomination should be typed doublespaced and should not exceed 20 pages, including supporting documentation. All nominations will be provided to each ITE district. Each district may then choose from among the nominations one individual and one agency whose names will be submitted to the Urban Traffic Engineers Council. The Urban Traffic Engineers Council will select the award recipient(s).

Student Chapter News

The Auburn University Student Chapter sponsored 2 field trips to the Alabama Highway Department in Montgomery: the Signal Shop on October 30th and the Design Section on November 27th.

Three technical presentations were hosted by the Student Chapter. Robert Teem of PDR Engineers in Huntsville spoke at a November 7th joint meeting with ASCE on "Consulting Engineering: From Marketing through Construction". Ethan Butterworth of Plus III Software in Atlanta spoke on "Application of Computer Software to Roadway Design" on November 16th. Bobby D. Smith of Smith-Alsobrook Associates in Opelika spoke on "The Basics of Accident Investigation" on February 4th.

The Student Chapter is busy preparing plans to implement a shuttle van transportation system for E-Day on February 22nd. Also, plans for the Spring Meeting of the Alabama Section to be held on the Auburn campus are being finalized.

Past Secretary-Treasurer Alicia Hailey graduated in December and is now employed with David Volkert and Associates in Mobile. Current Chapter Officers are President Aubrey White, Vice President Bob Schaffeld, Secretary-Treasurer John Sellers and Engineering Council Representative Wilson Folmar.

EDITOR'S NOTE: Due to the transition from Division to Section status and the associated change in Fiscal Years, this "Annual Report" actually covers an 18 month period.

(Please see Annual Report, page 7)

1991 Joint Annual Meeting?

By special ballot, the ALSITE Executive Board voted unanimously to extend an invitation to the Deep South Section ITE to convene a joint Annual Meeting in Gulf Shores on June 13-14, 1991.

The membership of the Deep South Section will act on the proposal at their February 8th Meeting in Starkville, Mississippi.

Our past affiliations with the Deep South Section have been mutually beneficial from both a technical and social perspective.

We look forward to having them join us again this year.

Southern District News
by Bob Vecellio
ALSITE Representative

The Southern District Board met in Columbia, SC on December 3, 1990. Alabama was represented by Section Representative Bob Vecellio and 1991 Annual Meeting Chairman Bill Metzger. A summary of Board actions is presented below.

1. The Board approved $3500 for the Career Guidance Committee (Chairman, Brent McKinney) to develop a videotape and written documentation to promote the profession of transportation engineering. These materials would be provided to all Sections and could be used for career guidance at the high school level. The Board reviewed a 7 minute videotape, "Challenges in Transportation" prepared by Winston-Salem.

2. The Board discussed the idea of a Southern District scholarship. Such a scholarship would rotate among the Sections on a random basis. Further discussions will be held at the April Board Meeting. The Board did approve a $1,000 donation for the International ITE Burton Marsh Fellowship.

3. The 1991 ITE publication schedule includes the following:
   - Transportation and Traffic Engineering Handbook, June
   - Transportation Planning Handbook, October
   - Manual On Traffic Engineering Studies, December

4. The Treasurer reported a balance of $26,782 on November 23, 1990. The 1991 budget was approved with expected income of $11,500 and expenditures of $14,800.

5. The approved schedule for future District Meetings is:
   - 1993 - Richmond, VA
   - 1994 - Wilmington, NC

ALSITE Calendar

The following is a schedule of events which may be of interest to the Section membership. Some are "target" dates and locations, and represent preliminary planning for the listed function. This information is published to assist the membership in planning their participation.

If you know of other events that should be considered for publication in this Calendar, please send complete details to the Newsletter Editor.

?? Exact contacts and dates unknown at time of publication

President (continued from page 5)

1991 marks our first experience with a January transition of Section Officers. This change has brought on a series of unexpected "hurdles". Hopefully, our miscues have not been too obvious or presented any problems for the membership. Unfortunately, the transition and other demands on my time have not permitted me to personally contact some of the members regarding their appointment to 1991 Section Committees.

In this issue of the Newsletter you will find a list of committee appointments for this year. I hope that the assignments will meet with your approval. If you are not willing to actively serve, please contact me at your earliest convenience. Additionally, if anyone would like to serve on a particular committee, please let me know. We will make every effort to accommodate you.

Our Spring Meeting will be hosted by the Auburn Student Chapter on the Auburn Campus March 7th. Meeting details appear on page 2 of this Newsletter. This is a unique opportunity for the membership to interface with the "engineers of tomorrow".

Also, ALSITE will be hosting the 3rd Annual Meeting of the Southern District of ITE in Mobile April 7-10th. Bill Metzger is the General Chairman and his Committee Chairs have spared no effort to develop a unique social and technical experience for the attendees. A preliminary Meeting Agenda can be found on page 2 of this Newsletter. Please make your plans early.

One of my goals for 1991 is to follow our tradition in recent years of improving the Newsletter, both in appearance and composition. I hope you will agree that John Koniar and his staff did an outstanding job in their first attempt at publishing the ALSITE NEWS. Please let John know your reaction...good, bad or indifferent.

See you in Auburn on March 7th. Y'ALL COME!

Harold

---

A 1969 graduate of Auburn University in Civil Engineering, Perry founded the Gulf Shores firm of Perry Hand and Associates in 1971. He is a long-time friend of ALSITE and has been a featured Technical Program Speaker on several occasions.

Perry will be the Keynote Speaker on April 8th at the 3rd Annual Meeting of the Southern District ITE in Mobile.

TURNER IS A CANDIDATE

Daniel S. Turner, former ALSITE President, has been nominated by the Southern District ITE Nominating Committee to be a candidate for District Secretary-Treasurer.

Dan wears so many "hats" and has been hyperactive in every Alabama, regional and national transportation engineering society; it would require ALL of the space in this Newsletter to recap his current and past activities. He faces stiff competition from the North Carolina Section, and will need our individual and collective support.

Please encourage all of your friends and professional contacts to support Dan's candidacy.

( Please see People on page 9 )
YARBROUGH ASSUMES NEW DUTIES

On January 1st, James W. Yarbrough of Memphis, Tennessee became International ITE Director for the Southern District. In more than 35 years of professional practice, Jim has been involved in a broad range of traffic and transportation projects, and has worked to adapt automated processes to engineering problems.

He graduated with B.S.C.E. and M.S.C.E. degrees from the University of Arkansas, and holds a Certificate in Highway Traffic from Yale University's Bureau of Highway Traffic.

Jim is a Past President of the Tennessee Section and the Southern District ITE. We look forward to his representation during the next two years.

WILLIAM STEWART DERRICK (FL) 1911-1990

ITE Fellow Life Member William S. Derrick died on October 16, 1990 in Atlanta, Georgia at the age of 79.

Bill was known throughout the country for his outstanding contributions to both the Southern Section of ITE and the Southern Safety Conference.

He was a Founding Member of the Southern Section ITE, what is now the Southern District, as well as the Georgia Section of ITE. Bill served as President of the Southern District ITE in 1960 and President of the Georgia Section in 1974, and from 1970 to 1973 served as the Director of District 5 on the International ITE Board of Direction.

Bill was a generous supporter of traffic engineering efforts in education, regulation and research. His technical battles with FHWA and others are legendary, and his decisive stands were effective in bringing constructive changes to the field of traffic safety.

We will miss you "Colonel"!

JAZWINSKI RETIRES

Arthur C. Jazwinski, a Fellow Member of ITE and Member of ALSITE, has retired as City Traffic Engineer with the City of Birmingham after 12 years with the Magic City.

Prior to his assignment in Birmingham, Art served with the New York City Department of Traffic for 25 years. He plans to spend his retirement traveling and doing consulting work in traffic engineering.

Best wishes, Art.

ITE PRESIDENT IN GULF SHORES?

ITE District 5 Director Jim Yarbrough advised that is is possible ITE International President Jonathan Upchurch may attend the 1991 ALSITE Annual Meeting. This year's Annual Meeting will be held at the Quality Inn-Beside in Gulf Shores on June 13-14th.

Jonathan has taken a one-year sabbatical from his teaching duties at Arizona State University. He will be traveling to as many ITE District and Section Meetings as scheduling will permit.

JECA MEETS

The Joint Engineers Council of Alabama met in Montgomery on December 6, 1990. Past President Don Arkle substituted as ALSITE's representative since Dan Turner was unable to attend.

The Council voted to endorse a Minority Scholarship Program proposed by the Department of Post-Secondary Education and Calhoun Community College.

A proposal by ASCE to amend the Alabama Law regulating the practice of engineering and land surveying was presented and reviewed by the Council. The member societies have been requested to review the proposal with their respective Boards and report back to the Council on recommended action.

It was announced that JECA would be participating in a 1991 Legislative Reception with other industry organizations. "Construction Industries Day" will be held May 1, 1991 on the lawn of the Archives Building in Montgomery.

The Council adopted a resolution calling upon the Governor and Legislature to increase revenues to improve the transportation network of the State of Alabama.

ITE Levels of Government

Throughout this Newsletter, as well as subsequent issues, you will see many references to Districts, Sections, Divisions or Areas. This may create some confusion to the reader since these terms may often "appear" to be used interchangeably.

Prior to 1989, the general hierachical organizational structure of the society was as follows:

ITE - International Membership (world wide)
District - Multiple Sections (large geographical area)
Section - Multiple States (regional area)
Division - Single or multiple State organization.

During 1989 a restructuring of District Boundaries by ITE went into effect. As a result, what basically had been the Southern Section became the Southern District-5, eliminating one level of regional government. This organizational concept was first proposed by Southern Section Delegates to ITE's Constitutional Convention held in Hot Springs, Arkansas in 1971.

The current organizational structure is:

ITE - International Membership (world wide)
District - Multiple Sections (large geographical area)
Section - Single or multiple State organization
Area - Geographical group within a Section

For example, the Southern Section is now the Southern District-5 and the Alabama Division is now the Alabama Section. We hope this helps clarify any confusion.
