President’s Message

Congratulations are in order for the entire Local Arrangements Committee that hosted the Southern District Meeting in Montgomery. Over 280 of our members enjoyed four days of excellent technical presentations and well planned activities. The Alabama Section was well served by this committee. Our attention now turns to our Annual Meeting which this year is a joint meeting with our friends from the Deep South Section. I hope everyone is making, or has already made, plans to be in Gulf Shores June 23 - 25 for this gathering.

The Section will be awarding two deserving students with scholarships totaling $4,000.00. Our Scholarship Fund has now grown to more than $60,000.00!! Our leadership in this area continues to be a model for other Sections in the District. Even though the account has grown to this total, which has far surpassed our original goals, I urge each of you to continue to be enthusiastic (give) in support of this fund. We will again be having our Auction following the Banquet. I hope each of you will bring your checkbooks and allow Master Auctioneer Vic McSwain to once again work his magic for this cause.

I am also pleased to report that plans for our October 7th meeting at the Talladega Super Speedway are in place. We plan to meet at the Media Center in the infield of the Speedway. We should be afforded a tour of the garages (this is the week of the NASCAR event) and hopefully be allowed some "Track Time". Please look for further details of this event in this newsletter.

In closing, I would like to remind us all that this year is half over and ask what have we as individuals done for our Section this year? Our Section is a group of outstanding individuals who are made better by our association with each other. Please find time and energy to advance our Section's goals in the remaining months of this year.

Looking forward to seeing each of you in Gulf Shores!

Robby Anderson

Southern District ITE Report

The 47th Southern District ITE Annual Meeting has come and gone, and it was a very good meeting! Montgomery played host to 285 members, affiliates, ABD members, spouses, guests, and friends. The technical sessions were very good. The ABD party was great fun. And everyone enjoyed the fellowship at the annual banquet.

Bubba and I would like to say a very special “thank you” to all the members of the Alabama Section that worked so hard to make this meeting successful. We could not have done it without you and we appreciate your support.

Our own Annual Meeting is fast approaching! The Deep South Section will join us this year. Make your plans now to attend. We look forward to seeing you.

On a much sadder note, Billy Jones, a Past President of the Alabama Division, was killed in a car crash on April 28, 1999. His funeral service and burial was in Montgomery on May 3rd. Please continue to remember Billy’s family in your thoughts and prayers.

Nancy Hudson

Need for Change in ALSITE Governance Documents

Currently, our Officer’s Manual sets the guidelines to be used, in the Standard Operating Procedures section, on how to make changes in our governance documents. Our four primary governing documents are Charter, Bylaws, Policies, and Standard Operating Procedures. There is a fifth type of document, stated as “Other”, that will cover any issues not defined under the four primary governing documents. The first document, Charter, can only be changed by the Executive Board of the Southern District. The second document, Bylaws, can only be changed by written vote of the Members of the Alabama Section, followed by rigid procedures. Both of these documents take time for review and discussion before a vote is ever considered.

The third document, Policies, can be changed by any Member who expresses the change in writing and has it ratified through written ballot of the members during the Section’s Business meetings and even some of these policies can only be changed at the Annual Business meeting. The fourth document, Standard Operating Procedures, can be changed at any time by a vote of the Board of Directors during any regularly scheduled meeting of the Board. These two documents, including the fifth document “Other”, are where an amendment, I think, is necessary. My view, is that any change(s) contemplated at any level of our governing documents should be advertised to the Members prior to bringing it to the floor as a motion at a business meeting. This includes changes to the Standard Operating Procedures, which currently only takes Board action to change. I believe it should be a right of the Members to have prior knowledge of changes that affect our Section. By having prior knowledge, Members would have a longer time to formulate questions they may have about the change. This would give the members better knowledge of how they may want to vote. Our current practice gives little time for discussion and dictates a quick, “off the cuff” vote. I believe this is not good for our organization and leads to “knee jerk” reactions which may be harmful to our Section.

If you believe that this would be a better approach in making changes or amendments to our governing documents, I would like to make a motion at our Annual Business Meeting.

Motion:
Any Alabama Section Member who wishes to change or amend in any way, any portion of the Governing Documents shall do so by written notice, submitted to the Board of Directors, at least 60 days prior to the ALSITE Business Meetings, and that this written notice will be published, as written, in the ALSITE Newsletter, or by copy sent to each Member by mail, at least 30 days prior to being brought to the floor as a motion. All current rigid procedures, as written for the Charter and Bylaws, shall be strictly adhered to and continued to be enforced. All changes or amendments to any form of governing documents shall be voted on by written ballot by the Members.

James Foster
Immediate Past President

ALSITE Scholarships

ALSITE Scholarships, Inc. has announced the selection of two scholarship recipients for 1999. The Charles E. Alexander Transportation Engineering Scholar is Tracy Hamil, a student at Auburn University. Tracy will be awarded a scholarship of $3,000. The 1999 ALSITE Transportation Engineering Scholar is Donnie Jason Daniels, also a student at Auburn University. Donnie will receive a scholarship of $1,000. Look for these young people in Gulf Shores and give them a warm ALSITE welcome. They each deserve our congratulations for a job well done.

News from the Membership

The Alabama Section ITE extends heartfelt condolences to the family of Billy Jones. Billy served as ALSITE’s 9th President from 1980-1981. He was a friend to many throughout our Section and District. He will be sorely missed.

Continue to remember Lamar Strickland in your prayers as he struggles with health concerns.

Get well wishes go to Gerald Anderson as he continues to recuperate from a stroke.
Meet the Candidates

The following individuals are candidates for the office of Secretary/Treasurer of the Alabama Section:

Fred Brown, P.E.
Fred Brown is currently working for the City of Mobile as the Assistant Traffic Engineering Director. He is a registered Professional Engineer in the State of Alabama. He joined the Institute of Transportation Engineers in 1996 and has been a Member since October 1998. He is also a member of the American Society of Civil Engineers and served as the student chapter president his senior year of college and was the District contact person for The Younger member Committee in 1990-1991. Mr. Brown served as the Division Traffic Engineer at the Alabama Department of Transportation’s Ninth Division in Mobile from 1993-96. He worked as a project engineer from 1990 to 1993 in the Ninth Division Construction section. He is a graduate of The University of South Alabama. He is married and has two daughters.

Rebecca D. White
Becky manages traffic planning services for Sain Associates, Inc. in Birmingham. She is a graduate of Furman University and has over thirteen years of experience in the transportation planning field. Prior to joining Sain, Becky worked as a traffic engineering / transportation planning technician with Gorove/Slade Associates and The RBA Group. Her expertise includes traffic impact studies, traffic operations, parking evaluations, site circulation planning, traffic calming, and long-range transportation planning.

Becky is an active member at the District and Section levels and has been a member of the Alabama Section since 1989. She currently serves as ALSITE Newsletter Editor. She recently served on the Local Arrangements Committee for the Southern District Annual Meeting in Montgomery. Becky’s responsibilities on the LAC were for meeting publicity, printing, and public relations.

Becky and her husband, Steve, live in Hoover with their two preschool-age children. They are active members of Vestavia Hills Baptist Church where Becky serves as Woman’s Missionary Union Director. Becky’s hobbies include reading, art, and piddling in the yard.

The following individuals are candidates for the office of Southern District Representative:

James Brown, P.E.
James Brown joined the Alabama Section of ITE as an Affiliate in 1988 and became a Member in 1990. In 1992, he was appointed to the Technical Committee and in 1997 formed the Strategic Planning Committee. Mr. Brown appointed the Strategic Planning Committee chairman and task managers.

Mr. Brown’s positions with ITE include ALSITE Secretary/Treasurer in 1995 and ALSITE Vice President in 1996. In 1997, he was elected ALSITE President and represented ALSITE as Past President in 1998. James recently served as a member of the Local Arrangements Committee for the 1999 Southern District Meeting in Montgomery, Alabama.

He is married to the former Sheila Robinson of Carrolton, Alabama, and has four children: Stephen, Cortney, Ryan, and Hayden. Mr. Brown is an Associate with Almon Associates, Inc., in Tuscaloosa, Alabama. He is a registered professional engineer in 10 states and has twenty (20) years experience in a wide range of transportation projects throughout the country. He is a 1979 graduate of Mississippi State University with a Bachelor’s Degree in Civil Engineering.

William J. Metzger, Jr., P.E.
Mr. Metzger graduated from Auburn University in 1972 with a Bachelor’s Degree in Civil Engineering. While attending Auburn, he worked as a co-op student with the Alabama Highway Department for several quarters. Upon graduation, Mr. Metzger went to work for the Alabama Highway Department, and in 1973 was promoted to Assistant Division Traffic Engineer. From 1975-1978, he worked for David Volkert & Associates as Design Engineer, doing most of the transportation and traffic signal projects and general roadway design. In 1978, Mr. Metzger was employed by the City of Mobile as Assistant Traffic Engineer. He was promoted to Traffic Engineering Director in 1992.

Mr. Metzger has been an active member of ITE since 1972 and has served on numerous committees. At present, he is a member of the ITE international Traffic Calming Committee. Mr. Metzger served as President of the Alabama Division of ITE in 1984. He has been a member of the American Society of Civil Engineers, the

continued on page 4
William J. Metzger, continued

American Public Works Association, and the American Society of Professional Engineers.

Registered as a Professional Engineer in the State of Alabama, Mr. Metzger has been a professional witness in numerous cases representing the City of Mobile and various other agencies. He is married to Ethel Metzger and has three children.

Following are resumes of **candidates for the office of Affiliate Director:**

**J. G. Meyer**

J. G. Meyer graduated from Florida State University with a Bachelor of Science degree in Political Science in 1993. In July of 1995, he was hired by the 3M Traffic Control Materials Division with marketing and sales responsibility for local and federal government throughout Alabama and Mississippi. 3M Traffic Control Materials Division has an extensive product line including durable signing for traffic control and guidance signs, vehicles marking/conspicuity, vehicle registration, construction work zone signing and marking materials, and durable pavement markings.

In April of this year, J.G. completed his Master of Business Administration degree from the Executive M.B.A. Program at the University of Alabama. J.G. has also served as the Affiliate Director for the Deep South ITE. J.G. and his wife, Amber, live in Birmingham.

**D. Michael Williams**

Mike Williams is a graduate of Livingston State University with a B.S. degree in Business. He has been with Flint Trading, Inc. since February, 1994 assisting State and Local governments with their Traffic Safety Products needs. He holds the position of Product Support Manager, and his territory spans 6 southeastern states. Before joining Flint Trading, he worked for Southern Associates of Andalusia, Alabama.

Mike is a member of a number of industry organizations, including the Institute of Transportation Engineers, American Traffic Safety Services Association, International Municipal Signal Organization, Florida Transportation Builders Association, and the American Public Works Association.

Mike lives with his wife, Marilyn, in Montgomery. He has three grown children. His interests include golf, hunting, and fishing.

---

**HOV Lanes Bite the Dust**

Public Works Magazine reports that New Jersey Governor Christine Todd Whitman announced the end of the state’s experiment with car pool lanes on two heavily traveled highways in the state. The lanes were under used and added to the traffic congestion rather than relieving it. Drivers who did use the lanes reported difficulty merging back into the middle and right lanes to work their way to exits.

Although Federal funds had been used to construct the lanes, the state’s congressional delegation inserted into the federal budget an exemption that forgave repayment of the monies.

As a side note, California has begun charging a toll for vehicles with only one occupant to use the HOV lanes. (Now that’s an interesting idea.)

Spring Meeting Minutes  
April 20, 1999  
Montgomery, Alabama

I. Call to Order:  
The meeting was called to order at 7:25 a.m. by President Robby Anderson. The meeting was conducted in the atrium of the Embassy Suites Hotel during the Southern District ITE Annual meeting.

II. Minutes:  
Mr. Harold Raynor pointed out that the Fall Meeting minutes as published in the Spring 1999 Newsletter were in error. The dates shown for the 1999 ALSITE Annual Meeting were June 9, 10, & 11, 1999. The correct dates for the ALSITE Annual Meeting is June 23, 24, & 25, 1999. President Anderson called for a motion to make this change to the Fall Meeting Minutes and accept the remaining minutes as published. A motion was made by James Brown and seconded by Nancy Hudson. The motion was approved by voice vote.

III. Officers/Director’s Reports:  
A. Secretary/Treasurer’s Report:  
   1. End of year 1998 Secretary/Treasurer’s Report - December 31, 1998 as presented by Tim Taylor:

   **Treasury Balance on October 7, 1998**  
   $5,762.71

   **Receipts since October 7, 1998**  
   Late Dues Payments $140.00  
   Fall Meeting Proceeds $1,830.00  
   **Total Receipts** $1,970.00

   **Disbursements since October 7, 1998**  
   Fall Newsletter Expense $313.20  
   ITE Student Chapter, Travel & Gift $300.00  
   Fall Meeting Expense $1,508.93  
   ALSITE Scholarship Surcharge @ Fall Mtg. $250.00  
   BellSouth $48.90  
   Bank Analysis Charge, Checking Account $20.82  
   Annual Report Preparation Expense $31.95  
   **Total Disbursements** $2,473.80

   **Treasury Balance on December 31, 1998**  
   **$5258.91**

   2. Secretary/Treasurer’s Report – January 1, 1999 to April 19, 1999 as presented by Stacey N. Glass:

   **Treasury Balance on January 1, 1999**  
   **$5,258.91**

   **Receipts since January 1, 1999**  
   Newsletter Advertisers $1,050.00  
   **Total Receipts** $1,050.00

   **Disbursements since January 1, 1999**  
   Bell South – Phone Service $41.38  
   Newsletter Printing Charge $313.20  
   Newsletter Postage $82.50  
   Miscellaneous Postage $33.00  
   JECA Dues Payment $100.00  
   JECA Reception $500.00  
   **Total Disbursements** $1,070.08

   **Treasury Balance on April 19, 1999**  
   **$5238.83**

   3. The ALSITE membership status is as follows: 100 Members, 41 Affiliate Class I, 35 Affiliate Class II, and 4 Retired Members for a total membership of 180. A motion was made by James Foster and seconded by Ken Cush to accept the Secretary/Treasurer’s reports as presented. The motion was approved by voice vote.

B. Vice-President’s Report:  
Vice-President Tim Taylor had no report.
Spring Meeting Minutes, continued

C. District 5 Representative Report:
   Nancy Hudson reported that the ALSITE Annual Report was complete and submitted to the Southern District ITE.

IV. Committee Reports:
A. Meeting and Site Selection:
   1. Tommy Lee reported that the ALSITE Annual Meeting in Gulf Shores will be held on June 23rd, 24th, and 25th, 1999 at the White Sands Resort (formerly known as the Holiday Inn). Tentatively, the meeting will begin Wednesday at 1:00 p.m. with a professional development seminar, technical sessions from 8:00 a.m. until noon Thursday, field trip to Vulcan Thursday afternoon, banquet Thursday evening, business meeting Friday morning, and golf Friday afternoon at Craft Farms. A complete registration packet will be sent out soon to all members and affiliates.

   2. Ken Cush reported on the status of the ALSITE Fall Meeting to be held at the Talladega Super Speedway on Thursday, October 7, 1999. The meeting will take place in the media-center/infield the week of the Fall race. Track time for the meeting participants is a possibility, so make plans now to attend.

B. JECA:
   Robby Anderson reported that a legislative reception would be held on Tuesday, April 27, 1999 at 5:00 p.m. at the RSA Plaza. Reminder cards will be sent out the week of April 19th. Robby encouraged everyone to attend, to invite others to attend, and to call your local Representative/Senator and ask them to attend.

C. State Safety Coordinating Committee:
   Pat Alford informed members of one bill that has been passed by the House of Representatives and has been sent to the Senate for vote. The bill will require that motorists with frequent accidents and traffic violations possess auto liability insurance.

D. Newsletter:
   Becky White has set a May 14, 1999 deadline for all submissions to the newsletter. The newsletter will be mailed out approximately 3 weeks later than normal due to the annual meeting date. Members are encouraged to make contributions to the newsletter including technical articles and personal items of interest to our membership.

E. Scholarship:
   David Griffin reported that two scholarships would be awarded this year. Tracy Hamil of Auburn University will be awarded a $3,000.00 scholarship and Jason Daniels of Auburn University will be awarded a $1,000.00 scholarship. The Section will also give the recipients $200.00 travel expenses to attend the annual meeting. David also reported that the balance of the Scholarship Fund is $61,192.25.

V. Old Business:
   President Robby Anderson said that a time will be set aside at the annual meeting for Strategic Plan Task Managers to report on the status of their respective tasks. Task Managers will be informed of the selected time and place. In the meantime, continue working toward the completion of each task.

VI. New Business:
   The annual meeting in Gulf Shores is a joint meeting with the Deep South Section. Jeff Smith with the City of Hattiesburg has offered his assistance wherever it is needed. More details of the meeting are included in the Meeting and Site Selection report by Tommy Lee.

VII. Adjourn:
   A motion was made to adjourn the meeting by Ken Cush and seconded by Tommy Lee. The meeting was adjourned at 7:40 a.m. by President Anderson.

Respectfully Submitted,
Stacey N. Glass
Secretary/Treasurer
1999 ALSITE / Deep South Annual Meeting

This year’s annual meeting is scheduled for June 23rd - 25th. Our meeting location is the Holiday Inn - White Sands Resort. (Same location as last year but re-modeled thanks to Hurricane Georges.) Make your plans now to join us at the beach for excellent professional and technical programs and warm fellowship.

Technical / Social Program

**Wednesday, June 23rd**
- 10:00 AM - 3:00 PM  Registration
- 1:00 PM - 1:15 PM  Welcome
- 1:15 PM - 3:00 PM  Professional Development Session
- 3:00 PM - 3:30 PM  Break
- 3:30 PM - 5:00 PM  Technical Session I
- 5:00 PM  Adjourn

**Thursday, June 24th**
- 7:00 AM - 10:00 AM  Registration
- 8:00 AM - 10:00 AM  Technical Session II
- 10:00 AM - 10:30 AM  Break
- 10:30 AM - 12:30 PM  Technical Session III
- 12:30 PM - 2:00 PM  Lunch “On Your Own”
- 2:00 PM - 3:30 PM  Vulcan, Inc. Plant Tour
- 5:00 PM - 6:30 PM  Officers Reception
- 6:00 PM - Until  Awards Banquet and Scholarship Fund Auction

**Friday, June 25th**
- 8:30 AM - 9:30 AM  Section Breakfast
- 9:30 AM - 11:00 AM  ALSITE Business Meeting
- Deep South Business Meeting
- 11:30 AM  Technical Tour

Technical Session Topics

**Traffic Management Seminar**
Topics to be covered include traffic impact studies, traffic calming measures and roundabouts. Presented by Robert P. Murphy, RPM & Associates, Brentwood, TN

**Technical Presentations**
- Airports of All Sizes: Economic Development Assets
- Alabama’s Covered Bridges: A Walk Down Memory Lane
- Gulf Coast Corridor High Speed Rail Line
- Lessons Learned: An ITS Deployment Experience from Minnesota
- Monitoring Changes in Traffic, Development, Access and Safety on Urban Arterial Roadways in Alabama, Tennessee and the Carolinas
- New Technology in Traffic Counting
- Saving Lives with CARE
- Signal Upgrade Issues on the Gulf Coast
- The Jackson, Mississippi Long Range Transportation Plan
- Traffic Congestion, Capacity vs. ITS, Substitute Measures and Control Centers
Court Rules Against “Grandfathering” Transportation Projects

In a 2-1 decision, the U.S. Court of Appeals for the District of Columbia Circuit has struck down an EPA and U.S. Department of Transportation rule that ‘grandfathered’ certain transportation projects in air quality non-attainment areas. In the suit, filed by the Environmental Defense Fund, the plaintiff charged the EPA and USDOT with violating the Clean Air Act. The 1997 EPA/USDOT rule at issue permitted some transportation projects to proceed with federal funding in areas with lapsed conformity plans, as long as the project had been included in a previously conforming plan and a ‘major step,’ like an environmental review, had occurred within the last three years. The purpose of the ‘grandfather’ rule was to avert termination or postponement of projects that had received approvals prior to a conformity lapse. The court ruled, however, that in areas that do not meet current air quality standards, local transportation projects may not proceed unless they are included in a transportation plan that conforms to air quality improvement targets. The ruling impacts federally-funded and some non-federally funded projects.

The court’s decision will have far reaching implications. For example, the American Public Works Association reports that “some 61 projects totaling approximately $700 million in the Atlanta area” will be impacted since that City does not have an air quality conforming transportation plan. USDOT is preparing a list of areas expected to be impacted by the ruling. If things weren’t tough enough already, they will soon get tougher. Stricter air quality standards will go into effect next year for ozone, and tighter standards for particulate matter will take effect soon after that.

summarized from American Public Works Association’s online APWA Reporter

Don’t Forget 📀

Please don’t forget to donate items for the Annual Scholarship Auction to be held at the Annual Meeting in Gulf Shores. “Nice” or “gag” items are appropriate, but should be in good taste. All proceeds will go to the Section Scholarship Fund. Items to be auctioned will consist of items YOU provide; so please remember to bring something.
